

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election violates our Values of Fair play and their obligation for providing equal time to all during an election campaign.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This is clearly not being done in the public interest and further serves to erode our rights for free access to information.

Please stop the broadcast of this documentary or require Sinclair to offer equal time with prime time visibility to the Kerry Campaign.

Thank you.
